

# 12 Things to do this Weekend (Jan 30- Feb 01)

Phew. What a past few days! Is there more snow coming? We will have snow on Friday, but don't fret – it won't be a blizzard and will be mixed with rain. While Friday will reach a high of 37 degrees, the mornings will be VERY frigid. We will experience negative temperatures in the mornings, so be sure to bundle up when heading out. The rest of the weekend will be partly sunny with temperatures in the low to mid twenties. After this blizzard, this weekend just looks peachy!

As always, click on the title for more or detailed information on the event. Most of the events were pulled from our [event calendar](#) where you can find hundreds of local area events each month. The event calendar is FREE, so if you are a local business, and not taking advantage of FREE publicity, shame on you! Are you a local business and want to sponsor this high traffic, weekend guide?
