

13 Things To Do This Weekend (Feb. 02-Feb. 04)

The bad news – for some – is that there will be a bit of snow this weekend. The good news is that it won't be amounting to much and the temperatures won't be that bad, except for mornings or overnight. The chilliest day will be Saturday with a low of 28 degrees. Nothing a hoodie or wearing some thermals couldn't handle. Sunday will be the warmest with a high of 42 degrees, but there will be some off an on snow and rain.

As always, click on the title for more or detailed information on the event. Most of the events were pulled from our [event calendar](#) where you can find hundreds of local area events each month. The event calendar is FREE, so if you are a local business, and not taking advantage of FREE publicity, shame on you! Are you a local business and want to sponsor this high traffic, weekend guide?
