

14 Things to do this Weekend (Feb. 10 – Feb. 12)

On Thursday, nature reared her head and reminded us that she is still here by dumping over a foot of snow on us. Once your lower backs have recuperated from the shoveling, you'll likely want to exorcise your cabin fever by heading out and doing something. While we are getting some flurries on Saturday (very little accumulation) and some rain on Sunday, we'll experience temperatures in the lower 40s. So, if you're shoveled out, you'll have nothing stopping you from enjoying some weekend activity!

Lastly, a piece of very important advice in light of recent sad news: beware of carbon monoxide when running heaters and please take precautions.
