

14 Things to do this Weekend (Oct. 31-Nov. 02)

Get a load of this: Sunday “rain and snow possible”! Let’s just pretend that not a single weatherperson reported that. I am 100% convinced if we continue to wear our shorts, the collective and combined power will trick Mother Nature into thinking it’s Spring or Summer. It will otherwise be a mild, but cool weekend in terms of temperature. Overnight/morning lows will deep close to or even past freezing, so be sure to bundle cleverly – as the day warms, you will want to strip some layers. Regardless, nothing stops greater New Bedford from heading out and enjoying our weekend!

As always, click on the title for more or detailed information on the event. Most of the events were pulled from our [event calendar](#) where you can find hundreds of local area events each month. The event calendar is FREE, so if you are a local business, and not taking advantage of FREE publicity, shame on you! Are you a local business and want to sponsor this high traffic, weekend guide? Contact info@newbedfordguide.com for more details. Have an event to add? Check out our [tutorial](#). For more info, you can click on each title. Know of another event this weekend? Post a reply!
