

16 Things to do this Weekend (Nov 13 – Nov 15)

An unusually mild weekend is forecasted. This time of year is typically characterized by frigid mornings and very cool days. In fact, the past few weekends have had colder temperatures than we'll have this weekend. Friday will reach just shy of 60 degrees and the rest of the weekend will hover around 50 degrees. No rain is forecasted, but it may be a bit windy. Otherwise, plenty of sunshine. Let's head out and enjoy some of the many goings-on across the South Coast!

As always, click on the title for more or detailed information on the event. Most of the events were pulled from our [event calendar](#) where you can find hundreds of local area events each month.
