

# 16 Things to do this Weekend (Nov 06 – Nov 08)

An absolutely pleasant weekend is forecasted – no precipitation, only fog and clouds for Friday then Saturday. Sunday will feature “brilliant sunshine,” but be the coolest day of the weekend with a temperature of 53 degrees compared to the mid to high 60 degree temperatures for the first two-thirds of the weekend. Perfect weather for that flannel, hoodie or sweatshirt. So, there’s no excuse to not head out across the South Coast and enjoy the many goings-on!

As always, click on the title for more or detailed information on the event. Most of the events were pulled from our [event calendar](#) where you can find hundreds of local area events each month. The event calendar is FREE, so if you are a local business, and not taking advantage of FREE publicity, shame on you! Are you a local business and want to sponsor this high traffic, weekend guide?
