

# 17 Things To Do This Weekend (April 06 – April 07)

Snow in April? Someone online mentioned that January was 4 months long this winter. Only in New England can we have 60 degree days in February and freezing temperatures and snowfall in April. We can't even leave the house without looking at the weather report, because there's nowhere to know what to wear! After Friday and Saturday's snow we'll finish out the weekend with partly sunny. Temperatures will be in the mid-40s after Friday's chilly start. Regardless, there is absolutely nothing that could stop a New Englander from hitting the road and having fun!

<p>SATURDAY APR 7</p>  <p>46°/29°</p> <p>Snow early in the morning</p>	<p>SUNDAY APR 8</p>  <p>46°/28°</p> <p>Partly sunny and chilly</p>
