

# **2016 Southern New England Heart Walk on May 21 at UMass Dartmouth**

The American Heart Association's 2016 Southern New England Heart Walk on May 21 at UMass Dartmouth will build healthier lives and prevent heart disease and stroke. Join the New Bedford Wellness Initiative team to raise funds for the American Heart Association.

Heart disease is our #1 killer and can significantly decrease a person's quality of life. Much of this suffering could be prevented and we can help people get back in the game. Together we will take steps to save and improve lives.
