East Coast Dental Tech Offers an Affordable Education and Path to Success

East Coast Dental Tech is a New England based Dental Technical School providing blended instruction to a diverse group of students eager to enter the Dental Field. Not everyone can commit 2-4years to college... So, East Coast Dental Tech in Raynham, MA offers an alternative, Dental Assisting.

Here's why prospective students should consider East Coast Dental Tech:

-For those that just can't afford it, they offer an affordable solution that cost less than the interest on a loan for (1) year of tuition at most colleges.

-Don't have the time? We offer evening blended programs that allow students to work or accomplish their day-to-day tasks and learn after-hours.

-Can't focus in large groups/classes? We offer small class sizes (8-9 students), and all lectures are done in an online format with a live instructor, and the smaller size classes allow for more 1-on-1 in the clinical portion.

-No support system? Our expert instructors genuinely care and nurture students from all backgrounds while guiding them on the path towards a successful career in the dental field.

Their motto: WE create Dental Professionals; YOU create a life-long career. Job placement is available and most graduates already have a position lined up before they even graduate!

Attention High School Graduates!

Want this, but also want a Career? Summer Evening Classes registering NOW!

EAST COAST
— DENTAL TECH —

www.eastcoastdentaltech.com

Interested in learning more? They are having an open house where you can meet the instructor, take a tour and learn more about the program. Its happening on June 10th from 11:30am to 2:30pm. Follow the event on Facebook: <https://www.facebook.com/events/247716107911276>

REGISTERING FOR SUMMER & FALL PROGRAMS NOW – LIMITED SEATING

- (2) Evenings per week (Work while you attend)
- Affordable Payment Plans & Discounts available.
- Life-Time Job Placement Assistance
- Hybrid ($\frac{1}{2}$ online, $\frac{1}{2}$ in clinic/hands-on)
- Apply for “Formally Trained” Licensure

East Coast Dental Tech offers a modern clinical facility right off route(s) 24/44 in Raynham.

Students get the opportunity to focus on hands-on tasks dental assistants must be competent in, and develop a chair-side skill set that sets them up for success.

BayCoast “Angels” Surprise Local Nursing Students with Scholarships

Imagine you are a student, asked to attend an important meeting, only to discover that meeting offered a surprise so unexpected, it would dramatically change your life forever.

That’s exactly what happened at Signature Healthcare’s Brockton Hospital School of Nursing (SH/BHSON) in Brockton, MA. During an emotional presentation in January of 2022, BayCoast Bank awarded seven nursing students from Fall River and New Bedford, each with a \$10,000 scholarship to help pay for their education at the prestigious nursing school.

"We had no idea this was happening," said Raylyn Gant of Fall River. "We received an email saying we had to go to a mandatory meeting. This was a big surprise."

Students selected for these generous awards have experienced unique challenges in their pursuit of a quality education. Dean of SH/BHSON, Jean Gouveia states, "The majority of our students come to us with significant financial need. Many are parents and single parents looking for a career pathway to achieve financial security for themselves and their families."

There wasn't a dry eye in the room when each recipient came forward to accept their scholarship and share their personal stories, along with their heartfelt gratitude.

"I'm the first one to go to college from my household," said Ashley Del Rio of New Bedford. "College means a lot to me. I work to pay for everything on my own. This scholarship means so much. I truly thank you from the bottom of my heart."

For Gant, she has a very personal reason for aspiring to become a nurse. "My older brother was born with special needs and the doctor told my mother he wouldn't survive past three months. He's now 31, and he inspires me every day." The scholarship, Gant says, will help her pursue her dream of becoming a Neonatal Intensive Care Unit (NICU) nurse. "This means the world to me. I have been so stressed about paying for school. This is amazing."

The scholarship opportunity evolved after SH/BHSON reached out to BayCoast, asking if the Bank could assist talented students who were experiencing financial difficulties. After hearing their moving stories, BayCoast was delighted to step in and offer generous support.

The assistance didn't stop there. Ten months later in November of 2022, the students were surprised with a second round of scholarships to help cover the cost of their final year in the program.

"The BayCoast angels strike again," said nursing student Christine Farland. "I have yet again been blessed with your scholarship. My burden has been lifted and I am so grateful. I appreciate it more than you will ever know."

For Laurel Perez, receiving this second scholarship has left her overcome with emotion. "What an absolute honor it is for me to be able to write another thank you letter. For someone like me who was really struggling, this is yet another big change of a lifetime. To know this scholarship has paid off my balance for the rest of the school year moves me. My family and I couldn't be more grateful."

"BayCoast Bank has a strong history of supporting education on the South Coast," said Nicholas M. Christ, President and CEO of BayCoast Bank. "This gift highlights two key areas where we endeavor to make a difference – education and healthcare. Achieving a nursing degree will not only help these students support themselves and their families, but it will also benefit our healthcare system and the local residents it serves."

Additional members of BayCoast Bank expressed their best wishes to the scholarship recipients, offering words of inspiration.

"You have experienced struggles, but I want you to know, you are not alone," said Evelyn Ranone, FVP, CRA Officer for BayCoast Bank. "I am so honored to work at BayCoast Bank because it is in moments like these where we can help make an impact on people's lives. We are thrilled to help you achieve your goals because we know your nursing degrees will not only help your families, but also help the people in your communities."

Adds Del Rio, "When Evelyn announced that we were going to be receiving another scholarship... my eyes filled with tears at the thought of the people at BayCoast being so generous to

someone like me. I cannot tell you the relief I feel not having to worry about working overtime every day to pay for everything. If it wasn't for your generosity, I would not be where I am today."

Brockton Hospital School of Nursing is an integral part of Signature Healthcare Brockton Hospital. Originally established in 1897, the school has been at the forefront of nursing education and has graduated over 2,700 nurses, mainly from southeastern Massachusetts.

It is the only two-year Registered Nurse (RN) Diploma school that still exists on a hospital campus anywhere in New England.

"We thank you for investing in our nursing students," said Lisa Pedranti, Manager of Annual Giving at SH/BHSON. "You are helping to craft intelligent and driven caregivers that we will all rely on in our future!"

"We congratulate these very deserving students," said Christ. "There are very few professions in life that are more noble. We are honored to help you and we wish you the best of luck."

New Bedford Police Seek The Public's Help to Find Local Resident

POSTED: City of New Bedford Police Department on Facebook makes the following request:

"Hello, this young man hasn't returned home and his family is very concerned. He was last seen in the area of Madeira Ave. earlier this evening wearing a black Nike hat, black hoodie, and brown pants."

Child & Family Services Inc. to Host Annual Gala on May 20th at White's of Westport

Did you know that Child & Family Services is one of the oldest nonprofit organizations in Southeastern Massachusetts. They began as the New Bedford Orphans' Home in 1843 to help children left homeless and without families during the whaling era. **This year they celebrate 180 years of service to our local community and you can help them continue the mission by attending their upcoming Gala Event:**

<https://child-familyservices.org/2023gala/> Enjoy a night of fine food, dancing and a grand prize raffle!

Let's take a trip down memory lane for some insights on this amazing organization.

Child & Family Services Inc. began as the New Bedford Orphans' Home in 1843 to help children left homeless and without families during the whaling era. There were children without parents, orphaned by mothers who died and by fathers lost at sea. There were children left to beg on the streets, often forced to steal to seek out their paltry existence.

Through continued fund raising, collaboration with other service agencies and the support of the community, the New Bedford Orphans' Home weathered the last part of the 19th century and more importantly, was a good "friend" to homeless children.

Rebecca Waln Morgan Rodman, founding first directress of the New Bedford Orphans' Home. Portrait by an unidentified artist, circa 1830. *Courtesy of the New Bedford Whaling Museum.*

"The purpose of the New Bedford Child and Family Service is to strengthen family life. Counseling service is available to any family or individual with a family difficulty or personal problem. The Agency provides also temporary foster home care

and adoption placement of children.”

In the 1970s, the agency added Big Brothers Big Sisters of Greater New Bedford to our services. In 1980, the agency opened a mental health clinic and family support office in Fall River. In 1995 another was added on Cape Cod in Hyannis.

By 1999, their geographic footprint extended well beyond the borders of New Bedford. To signify this fact, the board voted to officially change the agency's name from New Bedford Child & Family Service to simply **Child & Family Services**.

Through counseling, prevention programs, family support and psychiatry services, we are able to keep the commitment we first made in 1843 of helping those in need. Their mission remains: "...to heal and strengthen the lives of children and families." Events throughout the year like their annual Bowl-a-Thon bring the community together and help raise awareness of the services provided.

Whether it is children exposed to abuse or violence, families coping with mental illness, or matching children with mentors or loving adoptive families, Child & Family Services is there to support, guide and heal. The agency's programs serve more than 17,000 people each year-including individuals and families facing some of life's most distressing challenges. Behind each program are dedicated staff who offer light and guidance to those in need during their darkest hours, in the hope to strengthen them for better times.

How can you help? Attend their fundraiser, volunteer your time, help raise awareness for their programs or have a local business sponsor the event:
<https://child-familyservices.org/gala-sponsors/> **Or, maybe you'd like to work for them:**
