

CARE Southcoast Pet of the Week is Callie, Waiting ONE YEAR for a New Home

Taken from CARE Southcoast Facebook post yesterday, caught our attention. Lets find this deserving pup a new home! This weeks PET OF THE WEEK is proudly sponsored by NEW LEAF of Fall River, a locally owned social equity dispensary that GIVES BACK to the community by doing things like this.

“How does no one want to adopt Callie?!??!!! She’s perfect ?”

She has been in foster care for an entire year now with absolutely no interest, not one single inquiry.

Callie is a 7 year old large mixed breed (she was originally adopted as a lab/hound mix but she’s never had an embark done so we can’t know for sure either way! She does not look like a bully breed in person.)

She is great with people! She loves to play with toys and her people, go on car rides, walks, sunbathe and she also loves sleeping on the couch just as much. Shes equal parts absolute goof and cuddle bug. She’s pretty low maintenance! She hasn’t been destructive or loud in the home and she’s left loose every day with no issues! We’d prefer slightly older kids because she is large at 87lbs and doesn’t know her size but we have no doubt she’d love kids to play with and we’d go younger for the right home.

Callie should be the only pet. If you were very seriously interested and had cats, we can do some cat testing to see how she does. She is not leash reactive to other dogs out and about but generally doesn’t want to share intimate space with them.

Callie lost her home last year when her owner had to go into assisted living and no family could take her. Said owner had

adopted her from the city shelter, where she'd been returned too a few times due to other life circumstances, no fault of her own. She's been in foster care since and her foster parents say she is the best dog! She deserves to find her forever home so she can stay with one family for the rest of her life after so much bouncing around.

If you're looking for a new best friend to join your family, Callie could be the girl for you! This dog is meant to be a cherished part of someone's family. She comes with a lifetime of training support should she need it but she really probably won't, she's pretty low key.

Adopting a dog like this saves two dogs, her and the next dog who can take her spot in foster care.

Email us! caredogvolunteers@gmail.com

PLEASE SHARE – she needs her forever people to see her!

Thank you NEW LEAF, they are located at 2629 South Main St. in Fall River and are open late, until 11pm, 7 days a week~
