## Acushnet Fire & EMS Department memorialize another resident lost to COVID-19

"Thursday, October 14, 2021: It is with sadness that we add one additional light to the string of lights illuminated in memory of an Acushnet resident who recently passed away from Covid.

Our Town Clerk has received documentation of the 16th death of a fellow resident. An additional light symbolizes those earlier deaths that were not officially reported.

To the family who lost a loved one, your community shares your grief."-Acushnet Fire & EMS Department.
