

Fairhaven Awarded Community Development Block Grant

Senate Assistant Majority Leader and Rules Committee Chairman Mark C. Montigny (D-New Bedford) is pleased to announce that the Town of Fairhaven has been awarded \$771,697 in Community Development Block Grant funds. The award is part of \$32 million awarded across 41 projects by the Baker-Polito Administration.

CDBG is a competitive grant program designed to help small cities and towns meet a broad range of community development needs. Senator Montigny has advocated for Fairhaven's Hedge Street project, which will provide significant improvements to the roadway. Specifically, the funds will provide sewer improvements, drainage, improved sidewalks, and street trees with grates.

In response, Senator Montigny remarked, "this funding will go a long way in helping the town achieve its overall community development strategy. Congratulations to the town, Mark Rees, Selectmen, and town officials for sticking with this project."

Spraying for mosquitoes planned in New Bedford for Thursday, August 9

The New Bedford Health Department, working closely with the Bristol County Mosquito Control Project and the Massachusetts Department of Public Health, is again this year conducting an

annual monitoring program to track the potential threat from EEE and WNV carrying mosquitoes. Under the program, mosquito traps are put in place to collect pools of mosquitoes and mosquito populations are monitored throughout the summer months.

As part of the mosquito tracking program, the New Bedford Health Department will request that the BCMCP target key areas of the New Bedford for spraying, including public parks and locations that host large public events.

As such, the Bristol County Mosquito Control Project will conduct targeted ground spraying for mosquitoes early on the morning of Thursday, August 9, 2018. This round of spraying will target areas including Buttonwood Park, Brooklawn Park, Fort Taber, Hazelwood Park, Riverside Park, Clasky Park, Ashley Park, the Poor Farm area, and the Downtown area. Spraying will take place between 2:00 am and sunrise on Thursday morning, weather permitting. Residents in the vicinity of the targeted areas may wish to close their windows the evening prior to the spraying.

As it does with EEE and West Nile Virus, the New Bedford Health Department works closely with the Massachusetts Department of Public Health to track other emerging mosquito-borne diseases such as the Zika virus. While Zika-carrying mosquitoes have not been identified the New Bedford area, and the Massachusetts Department of Public Health reports that the likelihood of becoming infected with Zika virus from a mosquito bite in Massachusetts is very low, residents are urged to take the general precautionary measures to prevent mosquito bites.

In addition, travelers to areas where the Zika virus has been detected in mosquitoes or humans should take extra precaution to avoid being bitten by mosquitoes during their trip. This includes both females and males who travel to areas where the Zika virus is occurring. If you or your partner is planning on

traveling, you should check the Centers for Disease Control and Prevention website for information about where Zika virus is occurring: <http://wwwnc.cdc.gov/travel/page/zika-information>.

New Bedford Police arrest man with long criminal history in connection with shooting incident

New Bedford Police detectives unit arrested a man with a long criminal history, including time in prison for manslaughter, in connection with a shooting incident Monday, Aug. 6 that injured two people.

Attim Almeida, 42, of New Bedford, was arrested Tuesday Aug. 7 and charged with assault and battery with a dangerous weapon, two counts of armed assault to murder, discharge of a firearm within 500 feet of a building, carrying a loaded firearm, malicious damage to a motor vehicle, felony possession of a firearm, subsequent offense and firearm violation with three previous violent crimes.

The charges are in connection with an incident in which a man and woman were fired upon early Monday, Aug. 6 while driving in the area of Purchase and Grinnell Streets. Both were treated for non life-threatening injuries at St. Luke's Hospital.

New Bedford Police detectives assigned to the case were able to secure an arrest warrant for Attim Almeida and a search

warrant for his Acushnet Avenue apartment. Detectives Shawn Robert and William Westgate led the investigation.

Almeida has an extensive criminal record, with nearly 80 arraignments since 1994. He was sentenced to eight years in prison in 2002 for manslaughter and two years in prison in 1999 for possession of a firearm without a permit.

New Bedford Awarded Tobacco Control and Prevention Grant

Senate Assistant Majority Leader and Rules Committee Chairman Mark C. Montigny (D-New Bedford) is pleased to announce that the Massachusetts Department of Public Health awarded a \$90,000 tobacco control and prevention grant to New Bedford. The grant is part of a total of \$6 million in overall funding announced today that will assist 182 communities over the next four years. New Bedford's grant will assist the city and also serve the neighboring communities Acushnet, Dartmouth, Fairhaven, Freetown, Marion, and Rochester. New Bedford's Health Department is one of just 16 communities selected across the Commonwealth to serve as the lead agency in its region.

The funding will strengthen capacity to enact and enforce policies, systems, and environmental changes that reduce tobacco use, protect the public from secondhand smoke and youth from exposure to tobacco and vaping industry tactics. This will enable cities and towns to maintain comprehensive tobacco control and prevention programs based on US Centers for Disease Control and Prevention Best Practices designed to:

- Protect youth from exposure to tobacco and vaping industry

tactics and prevent youth initiation of tobacco/nicotine use

- Protect residents from secondhand smoke
- Ensure all Massachusetts users of tobacco/nicotine have access to cessation resources
- Identify tobacco-related disparities and target efforts toward those disproportionately affected

In addition to the above grant, the legislature also recently enacted, and the Governor signed, H4486, An Act protecting youth from the health risks of tobacco and nicotine addiction, which raises the legal age to buy tobacco products statewide from 18 to 21. The new law broadens existing prohibitions on public smoking to include e-cigarettes and prohibits the use of tobacco products on the grounds of any public or private primary, secondary, or vocational school. Additionally, pharmacies, hospitals, or other entities that offer health care services or employ any licensed health care providers are prohibited from selling tobacco products.

Bay State Wind changes turbine layout to accommodate fishermen's concerns

Bay State Wind today announced a significant change to its proposed layout for a New England offshore wind farm. In response to feedback from fishermen and community members, Bay State Wind has revised its turbine layout pattern. The change demonstrates Bay State Wind's commitment to being a good neighbor, and it will accommodate historical fishing patterns, and help to provide greater ease of fishing within, and transiting through, the wind farm.

Bay State Wind's Engineering and Layouts team incorporated as many suggestions as possible from fishermen and local stakeholders, while keeping in mind the need to balance safe navigation, fishing concerns and clean energy production.

"We are committed to being strong partners with New England's fishing industry and our neighbors in local communities," said Thomas Brostrøm, President of Ørsted North America. "As we continue to design sustainable energy for the state, we have taken steps to make the layout of wind turbines more fishing friendly while maintaining energy optimization. We will continue to work with agencies, stakeholders, and other developers towards a clean energy future."

"With local roots that go back more than 100 years, we're proud to serve New England and understand the importance of the fishing industry to ports in the region," said Mike Auseré, Vice President of Business Development at Eversource. "We're happy to collaborate with a company like Ørsted that shares our commitment to being responsive to the needs of local communities."

The new plan realigns the wind turbine layout so that the turbines are located in rows running East-to West, the preferred orientation for fishing. The updated layout also includes an average of one nautical mile between turbine rows to create distinct fishing corridors while continuing to optimize wind utilization and energy production.

Feedback from the local fishing community indicated that the irregular pattern of the previous plan could make fishing in and transiting through the wind farm area difficult, especially in bad weather or while towing or setting gear.

Bay State Wind is a partnership between Ørsted, the world's leader in offshore wind development, and Eversource, New England's premier electric transmission company. The partners will submit a construction and operations plan to the Bureau

of Ocean Energy Management (BOEM) in early 2019, which will include the updated turbine layout.

About Ørsted

Ørsted (NASDAQ OMX: ØRSTED) is one of Northern Europe's leading energy groups headquartered in Denmark. Around 6,200 employees develop, construct and operate offshore wind farms, generate heat and power from power stations as well as supply and trade in energy to wholesale, business and residential customers. In addition, we produce oil and gas, and a process has been initiated to divest this business unit. The continuing part of the Group has approximately 5,800 employees and generated a revenue in 2016 of DKK 61 billion (EUR 8.2 billion). For further information, see <https://orsted.com/> and follow us on twitter (@ØrstedNA).

About Eversource

Eversource (NYSE: ES) transmits and delivers electricity and natural gas and supplies water to approximately 4 million customers in Connecticut, Massachusetts and New Hampshire. Recognized as the top U.S. utility for its energy efficiency programs by the sustainability advocacy organization Ceres, Eversource harnesses the commitment of its more than 8,300 employees across three states to build a single, united company around the mission of safely delivering reliable energy and water with superior customer service. For more information, please visit our website (www.eversource.com) and follow us on Twitter (@EversourceCorp) and Facebook (facebook.com/EversourceEnergy). For more information on our water services, visit www.aquarionwater.com.

New Bedford man out on previous drug charges arrested for trafficking

Members of the New Bedford Police narcotics unit took nearly 30 grams of cocaine off the street and arrested an individual on drug trafficking charges Saturday, Aug. 4 following an investigation into a cocaine distribution service being operated out of 289 Coffin St. Apt. 1FR.

Police executed a search warrant at that address on Saturday, Aug. 4. A search of the residence yielded nearly 30 grams of cocaine, more than \$1,200 in cash, digital scales and packaging materials.

Anthony Chytrus, 43, of 289 Coffin Ave. Apt. 1 FR, New Bedford, was arrested and charged with trafficking in cocaine and possession of cocaine with intent to distribute, subsequent offense.

He has four open narcotics cases in New Bedford Third District Court.

Acushnet Police seeking public's help IDing 2 involved in a stabbing &

robbery

On Wednesday August 1, at approximately 9:43PM, Acushnet Police units were dispatched for a report of a man bleeding. Upon further investigation, it was found that the male suffered multiple stab wounds. The male victim was transported to Rhode Island Hospital.

The victim informed police responders that he was in a vehicle with two acquaintances. The two then turned on him and started stabbing him. The victim escaped the vehicle and the suspects fled the area.

Through further investigation, the APD has obtained arrest warrants for Nathan Rose-Morey, 29, of New Bedford and Yarmouth, and Michelle Hayduk, 29, of South Dennis.

The APD believes Rose-Morey and Hayduk to be operating a 2016 Nissan Rogue white in color, bearing Massachusetts Registration 1DWG81.

Anyone with information on the whereabouts of the suspects or the vehicle is asked to contact the Acushnet Police Department at 508-998-0240.

New Bedford woman arrested for OUI drugs in Wareham

At about 10:40, Wareham Police received a call about a possible intoxicated driver in the Wendy's drive-thru on Cranberry Highway. Further reports indicated the vehicle had heavy front-end damage on it.

Officer Wareham police officer Nate Aronson and Special Officer Madison Burrell located and stopped the vehicle on Cranberry Hwy. After an investigation, the operator, Angela Ayala, 42, of New Bedford, was transported to Tobey Hospital for evaluation. At the hospital, she allegedly became unruly and was placed under arrest.

Angela Ayala is being charged with, OUI drugs, negligent operation of a motor vehicle, marked lanes violation, disorderly conduct, disturbing the peace, and resisting arrest. It was determined the damage on her car was from an accident last week.

Sales Representative – Power Home Remodeling

\$75,000 – \$90,000 a year

Power Home Remodeling is a company founded on equal parts hard work and positivity. We believe that “dream” and “achieve” are not mutually exclusive. That philosophy has served us well in becoming FORTUNE Magazine’s #1 Workplace for Millennials and one of Glassdoor’s Best Places to Work.

90% of our executives begin their careers in entry-level positions because we recruit, train, and retain talented

individuals with a drive to succeed. Power is more than a home remodeling company. Power is a dream realization, technology-innovation, community-advocacy, expectation-shattering, happiness-maximizing company dedicated to improvement, both for our customers, and ourselves.

Sales Representative

A full-time W-2 outside sales position, your role will be to develop relationships with pre-qualified prospective and existing customers.

You are not responsible to generate your own leads. Prior to your first interaction with prospective customers, 75% of the legwork has been done for you. We have a very rigorous pre-qualification process that ensures we are putting our sales reps in the best possible position to succeed.

Your only focus has to be on your career. We only ask you to learn our primary product lines, stay true to your training and deliver a proven sales presentation to consumers that truly need what you offer.

Primary job responsibilities include:

- Delivery of interactive sales presentations on eco-friendly, green products and services to decision makers
- Participation in ongoing sales training and coaching camps on a weekly basis
- Team building and mentorship
- Strategic presentation development

Qualifications:

- Highly developed interpersonal, organizational and communication skills
- Ability to speak publicly with confidence and poise
- Strong sense of ambition, self-motivation and self-discipline
- Ability to work both independently and in a team setting
- Naturally outgoing and articulate individual who thrives in

social settings

- Previous sales experience preferred
- BA/BS preferred

Salary and Benefits:

- \$75,000 – \$90,000 average first-year compensation
- State-of-the-art training and technology
- Monthly opportunities for performance-based rewards, such as luxury vacations, high-end electronics, gift cards and tickets to concerts and sporting events
- Full medical, dental, life and disability insurance plans that can be tailored to your specific needs and the needs of your family
- Ample paid vacation and holidays
- A competitive 401(k) retirement savings program, matched by Power
- Access to the latest technology, such as laptops, smart phones and tablets that will help you reach your earnings goals faster and more efficiently
- A dynamic social program filled with can't miss events, parties, and activities, including an annual bonus in the form of a company trip to a tropical destination for you and a significant other
- Opportunity at unprecedented professional and personal growth
