**THE SOUNDS OF THE SETTLERS**  
Recreating  
THE SOUNDS of HISTORY

History books can tell us a lot about the founding of modern America, but there are some things they can't do. SINE NOMINE sets out to explore a question that is rarely asked:

What did this world sound like?

Experience some of the earliest music written in America, some that crossed the Atlantic with the settlers, and some of the musical culture they left behind.
