

Dartmouth Police Department promotes unused/unwanted prescription medication drop box

“Yesterday morning, Detective Mitchell and I brought 160 lbs. of unused/unwanted prescription medication to SEMASS to be incinerated. This medication was collected over the past several months as part of our takeback program.

If you have unwanted/unused medications that you want to safely and responsibly dispose of, our drop box is located in the lobby of the station and is available 24/7 to the general public.

Syringes and certain medication(s) ARE NOT ACCEPTED. Please review the sign attached to the top of the box to see what is and is not accepted.”
