

# **Dartmouth Police Department announces milestone: 4,000 COVID vaccinations in town**

“Congratulations to Dartmouth Board of Health Director, Chris Michaud, as well as to all of the other workers and volunteers, who made our final vaccination clinic such a GIANT success yesterday at Dartmouth High School.

As a result of their collective efforts over the last couple of months, nearly 4,000 individuals were successfully vaccinated at the numerous town of Dartmouth clinics ??.

Though we realize they are all busy, sadly, no state officials accepted the invitation to come and see just how important it is to keep these non-profit, locally run clinics up and running ?.

Great job Dartmouth ☐ ☐ ☐ ☐ ☐”-Dartmouth Police Department.
