

# Dartmouth Police Department updates town regarding vaccination information

"Vaccination Update:

"As you can imagine, there have been several inquiries made regarding vaccination information, and how it applies to the town of Dartmouth.

In an effort to better assist you, we received the following information from the Board of Health:

A vaccination site will occur in Dartmouth, and details will be posted on Tuesday or Wednesday of next week for Phase 2 of the Massachusetts plan.

This clinic is limited to those in Phase 1, and the first category of Phase 2 – people who are 75 years of age or older.

As Dartmouth High School was announced as the location where the clinic will be set up, we ask that you please DO NOT call Dartmouth High School, or any other Dartmouth Public School, for information.

Please DO NOT show up at Dartmouth High School unless you have a scheduled appointment, which will be outside of the operational hours of the school.

The town's website will be updated next week with the vaccination clinic details.

Residents 75 years of age and older who do not have access to a computer, and who may need assistance accessing the clinic, are encouraged to contact the Dartmouth Council on Aging at 508-999-4717.

PLEASE SHARE!"-Dartmouth Police Department.
