

Fairhaven Fire Department mourns passing of John Rogers

"It is with a heavy heart that we announce the passing of John Rogers. John was a call firefighter, the former director of Emergency Management (Civil Defense), and the current Chairperson of the Apparatus Study Committee.

John was a critical member that helped design the current fleet of apparatus over the past three decades. In addition, he has been an advocate of fire services, not only in Fairhaven but around the northeast region.

We will miss our weekly meetings and the current updates of fire services around the northeast.

May he rest in peace with the gratitude of all the members of the Fairhaven Fire Department. Our hearts and prayers go out to the Rogers and Kuechler Families."-Fairhaven Fire & EMS.
