

Family seeks information on missing woman who has connections to New Bedford and Fall River

"We sectioned my sister, Kendra Gonzalez, due to drug issues (she's 6 months pregnant) trying to get her help so she can get her children back. Before drugs, she was a really good mom. She ran from the hospital and there is an active B0L0.

She said just to spite us she's gonna be sure to do extra so now me and my older sister are afraid of what can happen. She's all we have. We promised our dad before he died that we would take care of each other and that's what we are trying to do.

She left the rehab in Jamaica Plains, lives in Fall River but has family in New Bedford. She could be anywhere. She's 26 years old and her boyfriend/unborn baby's daddy has been the one shooting her up.

If seen please contact the Fall River Police department or our mother, Lynn Medeiros. Her number is 774-510-1416 or me, her sister Kerri, at 321-223-1339."
