

Family seeks public's help in finding missing Massachusetts teen

"I can't believe I have to post this but every little bit helps.

My daughter, Ryleigh Johnson is missing. She was last seen at my house in East Taunton on the evening of Thursday, November 7th. She disappeared in the middle of the night, we believe of her own accord, and is with an unknown person or persons.

She has Type I diabetes and does not have enough medication to survive more than a few days. Her family and friends are desperate to find her.

Ryleigh, if you're reading this, please know you are loved and that all of this can be worked out. Please come home.

If you have ANY information as to her whereabouts, please contact me @ 7742265184 or the TAUNTON Police Dept." -Jen Johnson.
