

Chernobyl, Through the Lens Photography Exhibit at Gallery X

Gallery X is proud to announce the next "Frederick Douglass Invitational Show" titled "Chernobyl, Through the Lens" from January 31st through February 24th, with the opening reception Feb. 2nd and on AHA Night Feb.14th 5:00-8:00 PM it is FREE To Public.

Featured Photographers: Bryan Buckley, Frank Grace III, Frank C. Grace, John Mooney , Brandi Ann Sperry and Sydney Carlo.

This is an exhibit of a group of American photographers that traveled with guides in May of 2018 through the Russian city of Pripyat within the Chernobyl Exclusion Zone. With Geiger Counters and Dosimeters in hand, they toured and photographed this city decimated and then abandoned from nuclear fallout. It is a stark reminder of the dangers of radiation from an accident or possibly future wars.

Special Thanks To the Island Foundation.
