

Massachusetts Environmental Police Officer departs for one-year deployment

This morning, a Massachusetts Environmental Police Officer, who is also a Warrant Officer in the U.S. Army Reserves, departed for a one-year deployment overseas.

To show their appreciation for his service and his family's sacrifice, his fellow Officers surprised him and his family with a limo ride to and from the airport.

We wish the Officer a safe deployment and want to reassure him that his family will be taken care of by the MEP family.
