

# Massachusetts firefighters rescue calf that had fallen down well

“There is no such thing as a typical day in the fire service.

Members of Medway Fire Department Group 3 executed a technical animal rescue at a local farm after a calf fell into a 20 foot deep well and was in serious danger of drowning.

Medway Fire is happy to report the calf was successfully removed from the well and rejoined the herd.

We would also like to thank Medway Police Department Officers Nigro and Bullen for the assist.”-Medway Fire Department.
