

# **Massachusetts State Police give Junior Police Academy tour of facilities and boats**

“Troopers assigned to the State Police Marine Unit hosted members of the Brockton Junior Police Academy for a tour of our facilities and boats stationed in Boston. They were given an escort around Boston Harbor on Marine 45, a 45-foot SAFE Boat, and learned what it was like to be a member of the Marine Unit. Thanks for stopping by!

The Brockton Junior Police Academy targets teens ages 14-16 and gives them the opportunity to observe firsthand what Brockton police officers do on a daily basis as well as attend field trips, receive CPR training, nutrition education, and daily physical training.”-Massachusetts State Police.
