

Massachusetts State Police seek public's help in finding missing 57-year old man

The Massachusetts State Police and other agencies continue to search for WILLIAM MALLOY, 57, of Pittsfield, who has been missing for several days. We are releasing a photograph of Mr. Malloy and asking anyone who may have seen him or has information on his whereabouts to contact us at the below listed numbers.

Mr. Malloy was reported missing to Pittsfield Police on Saturday, August 8. He was last heard from on Sunday, August 2. Mr. Malloy failed to appear for a new job he was scheduled to begin on Monday, August 3, and did not show up for a visit with his family in upstate New York that was to have occurred on Thursday, August 6. Pittsfield officers checked his home on August 8 and found neither him nor his car there.

Mr. Malloy's car was subsequently located parked at a trail head off Gould Road in the town of Adams, near the Greylock Glenn, part of Mount Greylock State Reservation. On the evening of August 8, State Police, Adams Police, and Department of Conservation and Recreation Park Rangers searched the area around the vehicle's location but did not locate Mr. Malloy.

Yesterday, August 9, MSP Troopers, Adams Officers, DCR Rangers, and members of the Berkshire Search and Rescue Team conducted a more thorough search of the area, utilizing MSP and local police K9 units. Again, the search teams did not find Mr. Malloy or any additional evidence. The State Police Detective Unit for Berkshire County has joined the investigation.

Anyone who believes they have seen William Malloy (photo included) is urged to immediately call State Police-Cheshire

at 413-743-4700, or call 911.
