

# **Massachusetts State Police bomb K9s receive special training on Thanksgiving Day**

“Among the numerous Massachusetts State Police members working this Thanksgiving as part of the security operation for the Presidential visit to Nantucket are explosive ordnance detection K9s Scout, Neutron, and Nancy and their MSP Bomb Squad human partners.

The pups got an early morning break in Siasconset during another busy day. We thank all members of our MSP family, human and canine, who will spend this holiday working across the state to protect the public.” -Massachusetts State Police.
