

# Massachusetts State Police “Pink Cruiser” hits road in support, solidarity for cancer survivors

“If you’re driving on the Mass Pike over the next couple of weeks, you might notice a colorful sight on the westbound side.

As our Pink Cruiser continues to make its way around the Commonwealth, it’s currently parked at our State Police-Weston Barracks.

The cruiser is a symbol of support and solidarity for all who have fought, and continue to fight, breast cancer and all types of cancer. We hope you take notice if you find yourself passing by.” -Massachusetts State Police.
