The response we've received since publishing the story on Frank C. Grace and his photographs has been amazing. Not only has the article been shared on Facebook over a hundred times read many more times than that, but we've had many requests asking for information on how to purchase some of his images. After speaking with Frank about this, NBG has officially partnered with him and Crowell's Fine Art Gallery to provide an opportunity to our readers (and anyone else for that matter) to purchase beautifully printed copies of Frank's work.

We have six sizes available, and you can choose whether you want them framed or not. Framing will cost extra, and we can quote a price based on the size of the photo you'd like framed. Those interested can place orders by sending an email to: info@newbedfordguide.com. We are accepting custom orders in the following sizes:

- 4 x 6 – \$6
- 8 x 12 – \$20
- 12 x 18 – \$40
- 16 x 24 – \$52
- 20 x 30 – \$75
- 24 x 36 – \$90

We have assembled a gallery of images for purchase below this

post. Orders will take two weeks to process, and we will deliver on the 1st and 15th of the month.

In recognition of our partnership, Frank has agreed to do an exclusive photo shoot for New Bedford Guide! We are asking our readers for suggestions of possible locations for Frank to photograph, so we encourage all of you to chime in on Facebook with ideas for the Frank C. Grace NBG Photo Shoot. We are looking for famous places, landmarks, and naturally beautiful locations anywhere in the South Coast area, not just New Bedford. Frank will choose his favorite and produce the images, which will then be posted on New Bedford Guide. Make sure to suggest your favorite spots!
