

# New Bedford Fire Department visits Campbell school

On Monday, the crew of Ladder 4 (using a reserve Ladder 3), Group A stopped at Campbell School to talk to the preschoolers in Ms. Heydt's, Mrs. Martin's, Ms. Fogg's and Mrs. Simmons' classrooms.

These young scholars learned about "safety and prevention." A special thanks to Lt. Cormier and his crew for making this happen.

Here at the New Bedford Fire Department, we believe it's never too early to start educating the children about fire safety! " #themoretheyknow
