

# New Bedford Guide launches new event calendar service

New Bedford Guide reaches between 500,000 to 1.5 million people every week through our website and social media accounts. We also have one of the most popular event calendars in eastern Massachusetts and Rhode Island. Our calendar can be viewed here: <http://www.newbedfordguide.com/events>

For \$50 per month businesses can either add their events to the calendar or create their events in Facebook and automatically have the details added to New Bedford Guide's event calendar. Individuals and charities can add their event at no cost **here**. Non-profits receive a 50% discount on the service.

\$50/month event promotion service:

- Permitted to add your business events manually to the event calendar
- Can have all your Facebook events automatically pulled and added to the event calendar
- Your events take priority when publishing our weekly **"Things to Do – Weekend Event Guide"**

Want to get your events added? Want to market your event more fully? Contact [info@newbedfordguide.com](mailto:info@newbedfordguide.com).
