New Bedford Police Department's "National Night Out" a hit with the public

"Last night's National Night Out was an evening to remember.

There are few things that public safety workers enjoy more than getting to have some quality interaction with the community they serve. We always appreciate the opportunity to get to know one another.

"We are more alike, my friends, than we are unalike."-Maya Angelou.

A very special thanks to community leaders Renee Ledbetter and Buddy Andrade for all of their hard-work in organizing such a wonderful event.

Please check out some pictures below and mark the event on your calendar for next year!!"-New Bedford Police Department.
