

New Bedford Police Department Shot Spotter activated after 7 rounds fired

“On April 25 at 19:20 a shot spotter activation came in at 166 Chancery St. for seven rounds fired. A single call came in around the same time saying they heard gunshots near King Village West.

Downtown Units were notified and dispatched to the area. After arriving on-scene and investigating, no property damage or victims were located by the responding units.

A bolo was issued for a possible suspect: thin build male, black and white sweatshirt, black sweatpants running west from the playground.”
