

# New Bedford's "Sanctum Folklorica" victim of repeat arson and vandalism

"We have recently been harassed and vandalized by a God-fearing Christian who thinks we do evil.

She is a repeat offender and nothing is being done about it. She douses the shop with holy water, burns small sage fires, steals my cart, and tonight (4th offense I've called police for) she engulfed the plant/pumpkin cart in flames threatening the safety of the tenants who live above the shop, including an elderly woman on oxygen that lives upstairs.

Police have not yet heeded our warnings that this would escalate.

We ask all of you who are part of our dear witch family and community to PLEASE keep an eye out for ANY suspicious activity, and to call 911 immediately if necessary.

Then PLEASE immediately call the shop line at 774.202.1365 and please report it to Lucky!

This is NOT 1692!!!  
THIS IS A HATE CRIME!!!  
THE GODS DO NOT SLEEP!  
JUSTICE WILL BE SERVED!!!  
SMIB!!!!!"
