“Acushnet Cemetery is disgusting!

I planted these flowers on Monday for my brother that had passed away in December. I admit to my mistake that I did not understand rule two, however, that does not give them the right to pull out the flowers without letting anyone know!

They didn’t even have the decency to fill in the holes. What also is pissing me off is the fact that there are other stones that have flowers in the back of the gravestones so I should expect to see those flowers pulled as well right?”-Makayla Isabelle.
