

OPINION: “New Bedford’s Keith Junior High School needs crossing guards!”

Ever see people acting like this when dropping off or picking up your kids from school?

“Just my opinion but I think Keith Junior High School needs a crossing guard or two!!

The place is absolutely crazy in the morning with people dropping their kids off. People are doing u-turns and cutting each other off, it’s nuts!

You get there early enough but by the time you can pull over to let your child out, they are facing locked front doors even for one minute late!! Safety is quite an issue in the morning and in the afternoon as well. How many other parents or grandparents have a problem with this?” -Ida Almeida.
