

OPINION: “Saving parking spots isn’t right.”

“What has this city come to? I was driving in the West end off of Kempton St. when I noticed parking spots been saved in front of people’s houses and it’s not just 1 but 4!

I thought the only time you are able to save a spot is when a parking ban is in effect. It’s just not right for the other neighbors that live around there.”-□Matt Arabian□.
