"Clemente was a huge break for me as it helped me to focus and motivate myself. I gained more experience as well as friendships. The physical and emotional support of having friends around brings a lot to everyone. Tears, tiredness, opinions, silence, laughs, cracking up jokes, having snacks on break time and the speeches that gives everyone in fear or happy. Having all of these are some of the things I will miss. Gaining an education is a major change as it gives me more confidence to pursue another path to get another degree. Planning a new career and enjoy a new beginning for the future are my bucket list. I'm hoping to be better and be able to continue towards what I would like to do. I am incredibly grateful and thankful to my professors, tutor and classmates for the wonderful adventure. Thank you for the endless effort of patience, understanding, encouragement and motivation. I personally thank Ms. Susan for giving me the opportunity to have this program". ~ Jean Romano, 40 year old Filipino with 2 young children. Migrated and has been living here for almost 20 year
