

PACE and Lawler Library Join Forces To Assist Persons Applying For Health Insurance

The PACE Health Access Program and the Lawler Library located at 745 Rockdale Avenue, have joined forces to assist persons who are looking for health insurance.

A PACE Navigator is located at the Library every second Thursday from 5PM until 7PM to assist anyone with their insurance questions and applications. This is being done outside of PACE office hours to accommodate persons who are working or cannot make it into the PACE offices before 5PM. Navigators have been trained by The Health Connector and are certified by the State.

For questions and or more information please call PACE 508-999-9920.
