

PSA: Emergency Management Drill to take place at New Bedford's St. Luke's Hospital

"There will be an emergency management drill at St. Luke's Hospital. Please note that this is a planned drill and these exercises are designed to make sure our teams are trained and well prepared to care for our patients and community in a real emergency.

All emergency and clinical services will remain open and uninterrupted during these times. If you or a loved one is experiencing a medical emergency, do not hesitate to call 911.

St. Luke's Hospital Trauma Drill

Friday, March 29

8 am – 10 am"-Southcoast Health.
