

After accident, Rochester Fire Department: “You don’t need to be on the road, STAY HOME!”

“As we get underway with this blockbuster storm we just returned from our first storm related mishap car versus pole and the pole didn’t feel a thing.

This Snipatuit Rd crash resulted in no injuries to the operator. The temperature has dropped the snow is beginning to stick to the roads and driving conditions have become very slippery.

If you do not need to be on the roads stay home. If you do have to drive, drive carefully with speeds well below the posted limits.” -Rochester Fire Department.
