

Seaport Economic Council awards \$1 million to New Bedford for WPA-era bathhouse renovation

“Good news for those who love West Beach: today the Seaport Economic Council, of which I am member, awarded \$1 million to renovate the beach’s WPA-era bathhouse – a project long in coming.

It will include a total makeover of the building’s interior, including new bathrooms and handicap access.

Many thanks to LG Polito for backing the funding, and to Rep Cabral for his support.” -Jon Mitchell.
