

# Small Earthquake with East Freetown epicenter rattles Greater New Bedford

*No Damage or Injuries Have Been Reported*

Weston Observatory has reported that an earthquake of 1.9 magnitude occurred at 10:52am this morning, seven (7) miles north/northwest of New Bedford, MA. No damage or injuries have been reported. Affected people would have felt shaking and rumbling, possible a loud boom.

MEMA is the state agency charged with ensuring the state is prepared to withstand, respond to, and recover from all types of emergencies and disasters, including natural hazards, accidents, deliberate attacks, and technological and infrastructure failures. MEMA's staff of professional planners, communications specialists and operations and support personnel is committed to an all hazards approach to emergency management. By building and sustaining effective partnerships with federal, state and local government agencies, and with the private sector – individuals, families, non-profits and businesses – MEMA ensures the Commonwealth's ability to rapidly recover from large and small disasters by assessing and mitigating threats and hazards, enhancing preparedness, ensuring effective response, and strengthening our capacity to rebuild and recover.
