

Southcoast Blood Bank Says Thank You

The three hospitals that make up Southcoast Hospitals Group – Charlton Memorial Hospital in Fall River, St. Luke's Hospital in New Bedford and Tobey Hospital in Wareham – and the Southcoast Centers for Cancer Care in Fairhaven and Fall River

use approximately 1,300 pints of blood a month. Southcoast is dependent on volunteer donors to meet the needs of patients requiring life-saving treatments in emergencies, patients with cancer and other serious illnesses, and patients in need of surgery.

The Southcoast Blood Bank is proud to have so many donors who have committed to donating blood on a regular basis to help save the lives of their friends, neighbors, and members of their community.

The Southcoast Blood Bank would like to take this opportunity to thank those donors who have recently hit impressive donating milestones:

1 Gallon

Pauline Bonneau of New Bedford
