

Southcoast Health Recognizes Nursing Excellence

Southcoast Health is proud to present August's DAISY Award Honoree, **Jason Bergeron, RN!**

In partnership with The DAISY Foundation, Southcoast Health recognizes and honors nurses who demonstrate nursing excellence in our three hospitals. Jason was chosen for his ability to provide extraordinary and compassionate nursing care. He was nominated by the spouse of a patient, who said in part:

"Jason is very professional and has a warm heart and a great personality. He was very reassuring to us which gave us great comfort. He greeted my husband cheerfully and listened to him, which was calming. From the bottom of our hearts, we thank him."

If you've had a positive experience with a Southcoast Health nurse, nominate them for a Daisy Award by visiting <https://www.daisyfoundation.org/daisy-award/thank-your-nurse-nomination>
