

New Bedford Teacher Wins \$25,000 Home Makeover from Care Free Homes

Courtney Hill, a teacher at the Global Learning Charter Public School in New Bedford, was randomly chosen as the winner of a \$25,000 Home Makeover from local home improvement company, Care Free Homes.

Courtney and her husband, Matthew Hill, reside in New Bedford with their two children, Camden (5) and Raeya (1). The family will receive a free GAF Timberline HD roofing system, Mastic Carvedwood 44 vinyl siding, and Harvey Classic replacement windows, a prize package valued at \$25,000. All products will be expertly installed by Care Free Homes. A Fairhaven family won the contest last year.

“We can’t even describe our excitement to be the winners, it still feels surreal! We are most excited for the vinyl siding, It’s definitely something we’ve dreamed of having done since we bought the house last year!” said Ms. Hill.

Care Free Homes, Inc. is a family owned and operated home improvement and construction company located in Fairhaven, Massachusetts. They have been serving homeowners in Southeastern Massachusetts, Cape Cod, and Rhode Island since 1978.
