Girl Scouts of Eastern Massachusetts is hiring!

We are looking for mission-focused Community Program Facilitators to join the GSEMA team! In this role, you will coordinate programs for girls in specific geographic areas within the council, with a focus on health and wellness, financial literacy, STEM, and outdoor education. Girls also participate in product programs (like the beloved cookie program!) and go on field trips. You will have a unique opportunity to support girls in developing leadership skills that they will take with them wherever they go.

Are you mission driven, looking to work in a dynamic team environment, and influence the lives of girls? If so, take the time to check out the largest Massachusetts girl-serving organization – Girl Scouts of Eastern Massachusetts (GSEMA).

Since 1912, Girl Scouts has empowered girls to develop the skills and the voice to become successful and productive citizens. Girl Scouting builds girls of courage, confidence and character, who make the world a better place.

If you are looking for a part-time youth development position where you can have FUN and work directly with girls, we have the job for you as a Community Program Facilitator!

In this paid position, you will facilitate Girl Scout programs for girls at local sites including after-school settings, youth and community based organizations and housing developments in specific areas of eastern Massachusetts. Programs will include weekly girl programs, participation in Girl Scout product sales, the recruitment of speakers and volunteers and the possibility of bringing girls on local field trips. Comprehensive training and support is provided.

## HOURS:

Various work schedules available between 2 pm – 6 pm, Monday-Friday.

**We have other job postings as well, including summer camp positions!**
