

The South Coast Hot Jobs List

– 13 Mar 2014

by
Michael
Silvia

The Greater New Bedford unemployment rate is much higher than the rest of Massachusetts, but believe it or not there really are a lot of jobs available for qualified applicants. Sometimes the barrier to a new job can be the lack of information on available job openings.

To solve this, each week New Bedford Guide will be working with the New Directions Southcoast (also known as the Greater New Bedford Career Center) and pulling jobs from our **jobs database** to inform job seekers about the hottest jobs in the area.

We will define “Hot Jobs” as those jobs that need to be filled by the employer immediately. For those looking to search some large job databases, checkout my **Best Job Search Resources for New Bedford Residents article**. Unless noted otherwise, those interested in these positions or want more information should go to the Greater New Bedford Career Center at 618 Acushnet Avenue. Be sure to also check out our Job Portal to find jobs by location on a map: http://www.newbedfordguide.com/map-page#pm_jobs_tab. Want to get e-mail notifications for new jobs? Checkout our **e-mail subscription service**.

If there is not a link to applying for one of the jobs listed, contact Sharon Martin, Business Services Representative at

508-990-4115 or feel free to stop by the Greater New Bedford Career Center. These positions are posted on mass.gov/jobquest.

Here are the Hot Jobs from the Greater New Bedford Career Center as of March 6th, 2014:

1. Mold Process Technician #3794449 – Individual must be able to perform all aspects of injection mold processing to include mold and material changes, and troubleshooting as needed. Knowledge of molding machine press mold set up and start up; knowledge of inspection equipment for in process quality control; knowledgeable about all plastic resins; experience starting up and shutting down injection molding presses; experience changing molds using an overhead crane; experience adjusting process parameters to correct cosmetic and

dimensional defects in plastic injection molded parts; MUST be computer literate and willing and able to perform necessary required documentation (set up sheets, process deviation logs, start up checklist, first piece approval forms, mold change safety checklists) You must have at least 3 years' experience in injection Molding.

2. Production Assistant Supervisor #3794529 – Local Industrial Healthcare linen processing facility currently hiring a Production Assistant Supervisor.
