

12 Things To Do This Weekend (7-9 June)

The weekend outlook, in terms of weather, is a wet one. There is an 80% chance of rain on Saturday and Sunday, but the skies will clear up, and it will warm up, on Sunday. Saturday will have morning showers.

As we've mentioned in the past, we are hardy New Englanders and that is what raincoats and umbrellas are for. Sitting on the coach isn't living! However, if you simply don't like rain, there are plenty of indoor activities too! Most of the events were pulled from our [event calendar](#) where you can find hundreds of local area events each month. The event calendar is FREE, so if you are a local business, and not taking advantage of FREE publicity, shame on you! Are you a local business and want to sponsor this high traffic, weekend guide? Contact info@newbedfordguide.com for more details. Have an event to add? Check out our tutorial. For more info, you can click on each title. Know of another event this weekend? Post a reply!
