

Upcoming COVID-19 testing sites for City of New Bedford; how to get FREE at-home tests

Project Beacon's appointment-based COVID-19 testing at New Bedford Regional Airport—part of the state's Stop the Spread program—is offering testing on Sundays, Tuesdays, and Thursdays.

Appointments for free COVID-19 tests can be made at beacontesting.com. Airport officials ask that people reach the site via the airport's side entrance on Downey Street.

Contact Project Beacon by email at help@beacontesting.com; or by calling 617-741-7310.

The federal government is offering free at-home rapid COVID-19 test kits online, at COVIDtests.gov. Every home in the U.S. is now eligible to order a third round of free at-home tests. Each order includes eight rapid antigen COVID-19 tests.

If you test positive with a rapid test, isolate for at least five days and notify close contacts. State guidance on isolation and quarantining can be found [here](#).

If you test negative, re-testing a day or more later is advised, particularly if you have symptoms or a known exposure to the virus.

Testing sites in New Bedford and surrounding towns can be found on the state's Stop the Spread website, www.mass.gov/info-details/find-a-covid-19-test.
