

VIDEO: Fire fighter operations 101 – Fall River training center

New Bedford Guide along with politicians and other media outlets were invited to the Fall River Training Center to perform some fire fighter duties under the watchful eye of New Bedford and Fall River fire fighters. It was an eye-opening experience. We have the utmost respect for our fire fighters and gained a deeper appreciation.

Special thanks to the New Bedford Fire Department, New Bedford Firefighters IAFF Local 841 and the Fall River Fire Department!
