

Westport's Brownie Girl Scout Troop 540 offers "Hearts For Heroes" project to benefit health care workers and first-responders

Westport's Brownie Girl Scout Troop 540 is hosting an online service project to benefit local heroes during this time of uncertainty.

As scouts we wanted to do our part to help our community – the community can help in our efforts by donating boxes of girl scout cookies to first responders as part of our project.

Hearts for Heroes is a great way for our community to let health care workers and first responders know we are thinking of them during this very difficult time.

More information and details on how to donate can be found online at:
<https://rebeccakrzyszton.wixsite.com/brownietroop540>

Thank you in advance for sharing our service project and helping us make the days ahead a little brighter for those helping to keep us safe!

Sincerely,
Brownie Girl Scout Troop 540, Westport MA
